

Frog Fundraiser

Our youth group does a fundraiser where we have two set of frogs (6-8 frogs/set) that travel from yard to yard. We drop a set off in a yard when it gets dark. One of the frogs is a bit larger; we set this frog closest to the door of the house. On the back of the frog is a clear envelope with a manila envelope inside of it that says READ ME. The manila envelope contains:

- A letter explaining the fundraiser and directions (included below)
- A Self Addressed Stamped Envelope
- A small sheet of paper with address info for the next person and options for the donor (included below).

What we do is place the frogs in front of someone's house for 24-36 hours and go and pick them up. They will either put the info back in the frog with a donation or refusal or mail in the envelope to our parish. We pick up the frogs, refill the envelope with any needed items and do it again. If they have asked to send the frogs to another location we bring them to that location.

Donations often range from \$20-\$50. For about 10 minutes of moving frogs from one location to another, it is a pretty good fundraiser. Once you have the frogs made you can do the fundraiser very easily each year, with very minimal work. We run this for one or two months out of the year.

This type of fundraiser can be done with a toilet, pink flamingos, or any other theme you can create.

Enclosed is my donation of _____

Please have the frogs visit:

Name

Address (Aberdeen only)

- I am an unable to donate at this time, I will keep you in my prayers.
 I do not choose to be involved at this time.

“You’ve Been Frogged”

A Friend of yours has invited these cute little creatures to visit your home for the day. These frogs visit many homes as a fundraiser by the ?????????? Pilgrims that are seeking funds to help pay for their travels to Italy in June to see the Pope. Some pilgrims are dependant upon the generosity of the community in order for them to go. These frogs love to travel so please help us send them to another home.

Here’s how it works...

An envelope is included with a slip of paper inside. If you are able, please make a donation and place it in the envelope along with the address of a friend you would like the frogs to visit. You can put the envelope back in the plastic sleeve behind the frog or mail the envelope to the address on the envelope. Please do not seal the envelope if you are placing it back in the plastic sleeve so that we can re-use it. Checks can be made to ????????????????????.

Typically these frogs are taken to their next location within 24-36 hours after they are placed. We hope this is a fun fundraiser and are grateful for your support!

If you have any questions, please contact:
